

ADAIR CAMPOS

PRODUCT DESIGNER

Munich, Germany · adaircampos88@gmail.com · adaircampos.com · LinkedIn

PROFESSIONAL SUMMARY

Product Designer with 5+ years of UX/UI and product-design experience across renewable energy, enterprise software, IoT and e-commerce. Hands-on from discovery and research through information architecture, interaction design, interface design, prototyping, evaluation and reusable design patterns. Experienced translating complex technical and data-heavy workflows into clearer B2B and B2C products while collaborating with Product, Engineering, Design and Service teams across Europe and China.

PRODUCT-DESIGN STRENGTHS

Live digital products

Mobile and desktop workflows for installers and homeowners

Interaction and UI

Flows, hierarchy, states, data visualisation and prototypes

Evidence-led iteration

Discovery, interviews, usability evaluation and synthesis

Delivery collaboration

Product, Engineering, Design and Service stakeholders

PROFESSIONAL EXPERIENCE

Sungrow Europe

Munich · Jul 2022–Present

Product Designer (official title: UX/UI Designer)

- Design and improve live mobile and desktop workflows across iSolarCloud, residential energy management, commissioning and EV-charging experiences.
- Translate complex production, consumption, battery, tariff, earnings and device data into clearer information hierarchies, interaction models and interface states.
- Create flows, wireframes, prototypes and reusable Figma patterns; iterate with Product, Engineering, Design and Service stakeholders across Europe and China.
- Co-led moderated evaluation with eight installers and homeowners across Germany, Belgium and Italy; served as primary interviewer and translated findings into priorities for ongoing mobile iterations.
- Led qualitative discovery with six EV owners across Germany, the Netherlands and the UK, identifying opportunities around setup, automation, cost transparency and flexible charging control.
- Developed a future-facing residential energy-management direction through market research, expert interviews, behavioural profiles, journey prioritisation and mid-fidelity concepts.

mybacs

Munich · Nov 2021–Jun 2022

UX/UI Designer

- Redesigned customer journeys, information architecture and navigation to make products easier to discover.
- Designed responsive product-detail pages and reusable interface elements, translating e-commerce and business requirements into clearer digital experiences.

enmacc

Munich · Jan 2021–Nov 2021

Communication Designer

- Translated complex B2B energy-trading products and market topics into clear visual stories.
- Managed creative projects from concept exploration through production and delivery.
